## CHRISTUS Health Residency and Fellowship Programs

## Graduate Medical Education

The **Institute of Academic Medicine at CHRISTUS Health** provides more than 150 talented trainees in Texas and Louisiana with an outstanding experience of academic excellence at all levels by exceeding the national and institutional standards.

For the team-oriented, excellence-driven medical student looking for a future as a skilled physician, the CHRISTUS Health Residency and Fellowship Programs can be the start of a great career.

## Who We Are

CHRISTUS Health is a Catholic, international, not-for-profit system delivering compassionate, high-quality health care, and improving the health of the communities we serve.

- More than 600 facilities and health ministries
- A family 45,000 strong and growing
- More than 15,000 physicians

At CHRISTUS Health, our foundation is to provide care for those who seek relief at our hands. We pride ourselves in living our core values of **Dignity, Integrity, Compassion, Excellence, and Stewardship**. For more than 150 years, we have been ministering to those in need.

## Vision

It is our goal to improve the quality of care provided to our patients and communities through innovative and advanced clinical care conducted in an ethical manner. We not only provide outstanding quality of education and training to residents, fellows, and medical students, we also train students in nursing, pharmacy, and other allied health sciences.

Inspired by our vision, core values, and mission to **extend the healing ministry of Jesus Christ**, we remain committed to providing our patients and their family members a truly unique healing experience—one that embodies our values and respects the dignity and worth of each person.

## Commitment to Excellence

Our academic affiliation with **Texas A&M University School of Medicine** enhances our faculty development resources, medical research opportunities, and ensures our residency and fellowship programs will continue to develop skilled physicians providing world-class care for generations to come.

## Opportunity for Learning

Physicians, faculty, and staff at CHRISTUS Health are committed to providing comprehensive and organized educational experiences to ensure our residents and fellows are equipped with the knowledge, skills, and tools to deliver the highest quality care to our patients and the communities we serve.

We invest in educating trainees by preparing them for delivery of patient-centered, compassionate, and leading-edge care, who meet complex real-world clinical challenges with confidence, think innovatively, and focus on wellness.

Each of our training programs offers a balanced curriculum with a variety of educational experiences including care of underserved populations in Texas and Louisiana.

Other highlights include:

- Research / scholarly activities support
- Health Sciences Library with dedicated Medical Librarian
- Interdisciplinary Simulation Centers located in each of the five markets
- Health Equity, Diversity, and Inclusion curriculum

## Building A Future With CHRISTUS

We truly look upon our trainees as our future colleagues.

While in residency, participants receive numerous benefits, including:

- Competitive salaries and benefits
- Annual education stipend
- Paid vacation and sick days
- Insurance

One of the greatest perks may be the pathway to secure a position with CHRISTUS Health after completing a residency or fellowship program.

After completion, many residents and fellows go on to be primary care and specialty care clinicians with CHRISTUS Trinity Clinic, an Acclaim Award winning multi-specialty medical group that is part of CHRISTUS Health with over 1,300 clinicians in Texas, Louisiana and Arkansas.
